*Contact our Florida Division  
for your custom grow needs*

**Floraland Farms and Nurseries** was established in 1998 by Kurt Bluemel to supply Florida Theme Parks and other Southern customers with Ornamental Grasses, Perennials and Bamboos.

Floraland also has been very successful in producing custom grown grasses that have been shipped to our Northern customers in mid April through June. These plants are fully flushed, hardened, ready to transplant or for immediate sales, **not greenhouse grown.**

Sizes range from 32 Cell Trays and Up.
